NOTION HOW-TO

How to change a block's type

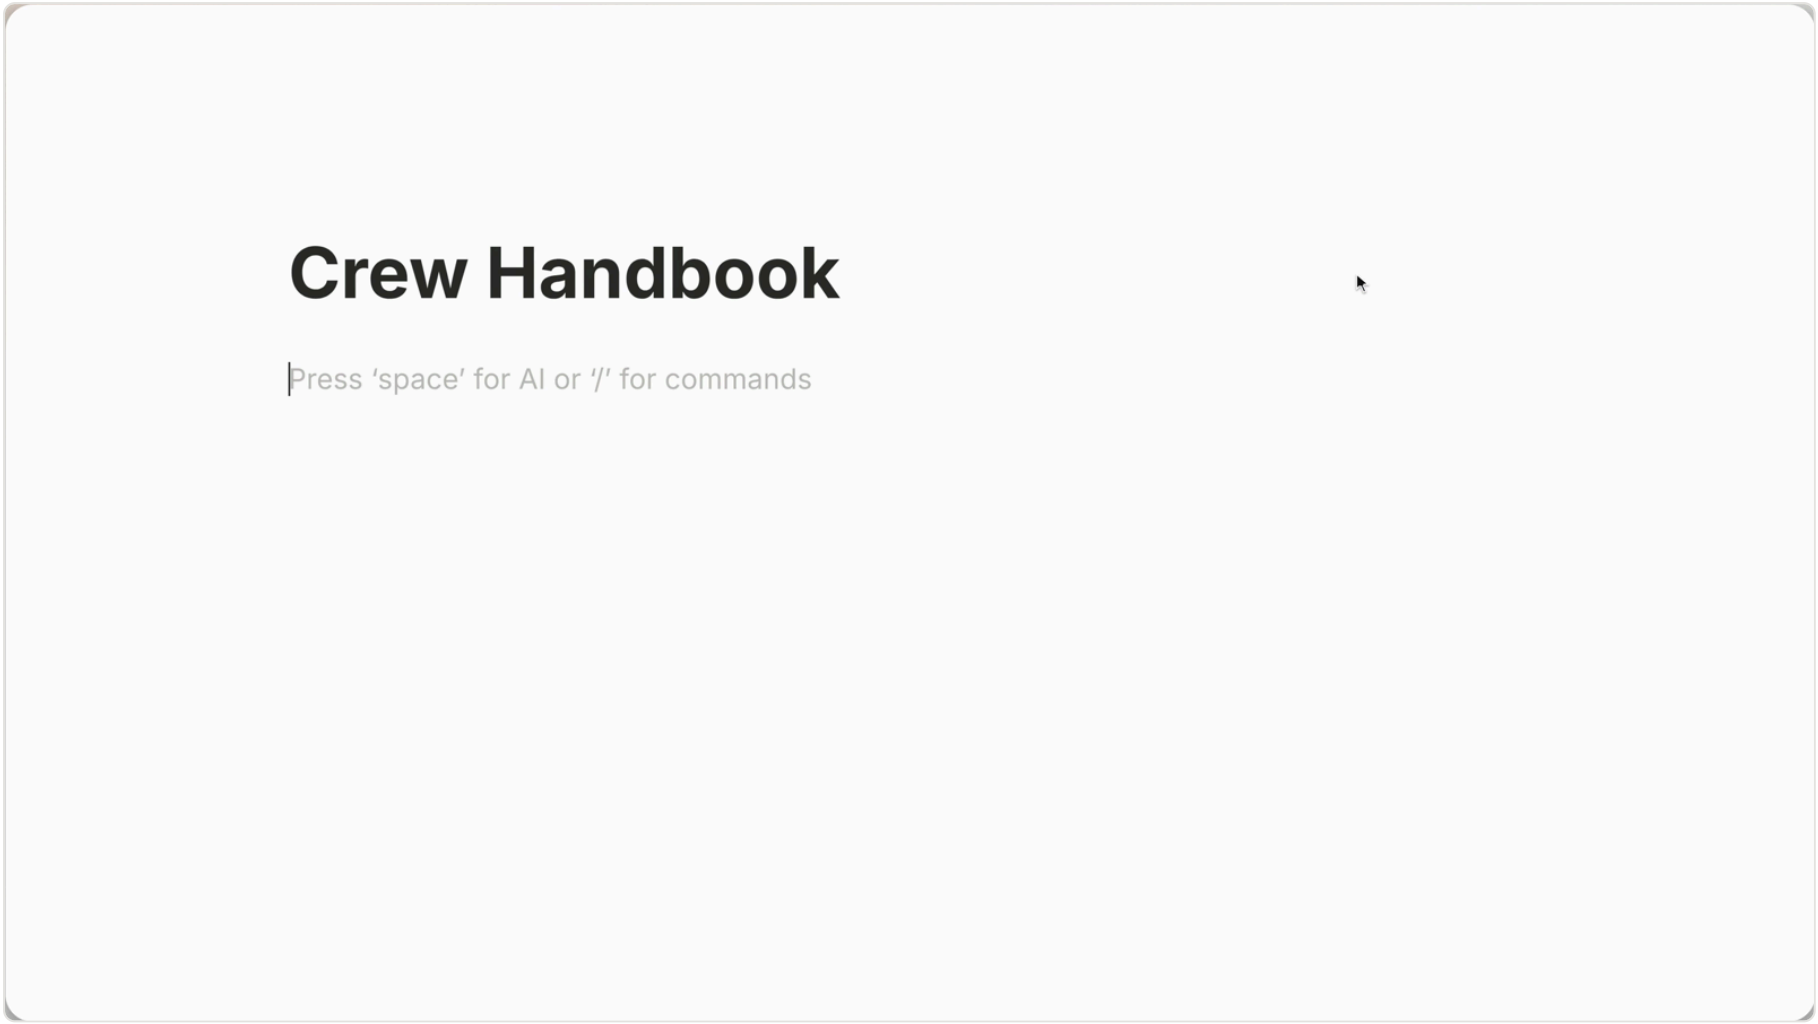

1. Click below the page title
2. Start with a line of text
3. Type /turn h2 and choose Heading 2

3 steps. Watch the video or a step's GIF for the motion; this guide holds each step's result.

Step 1 of 3

Click below the page title

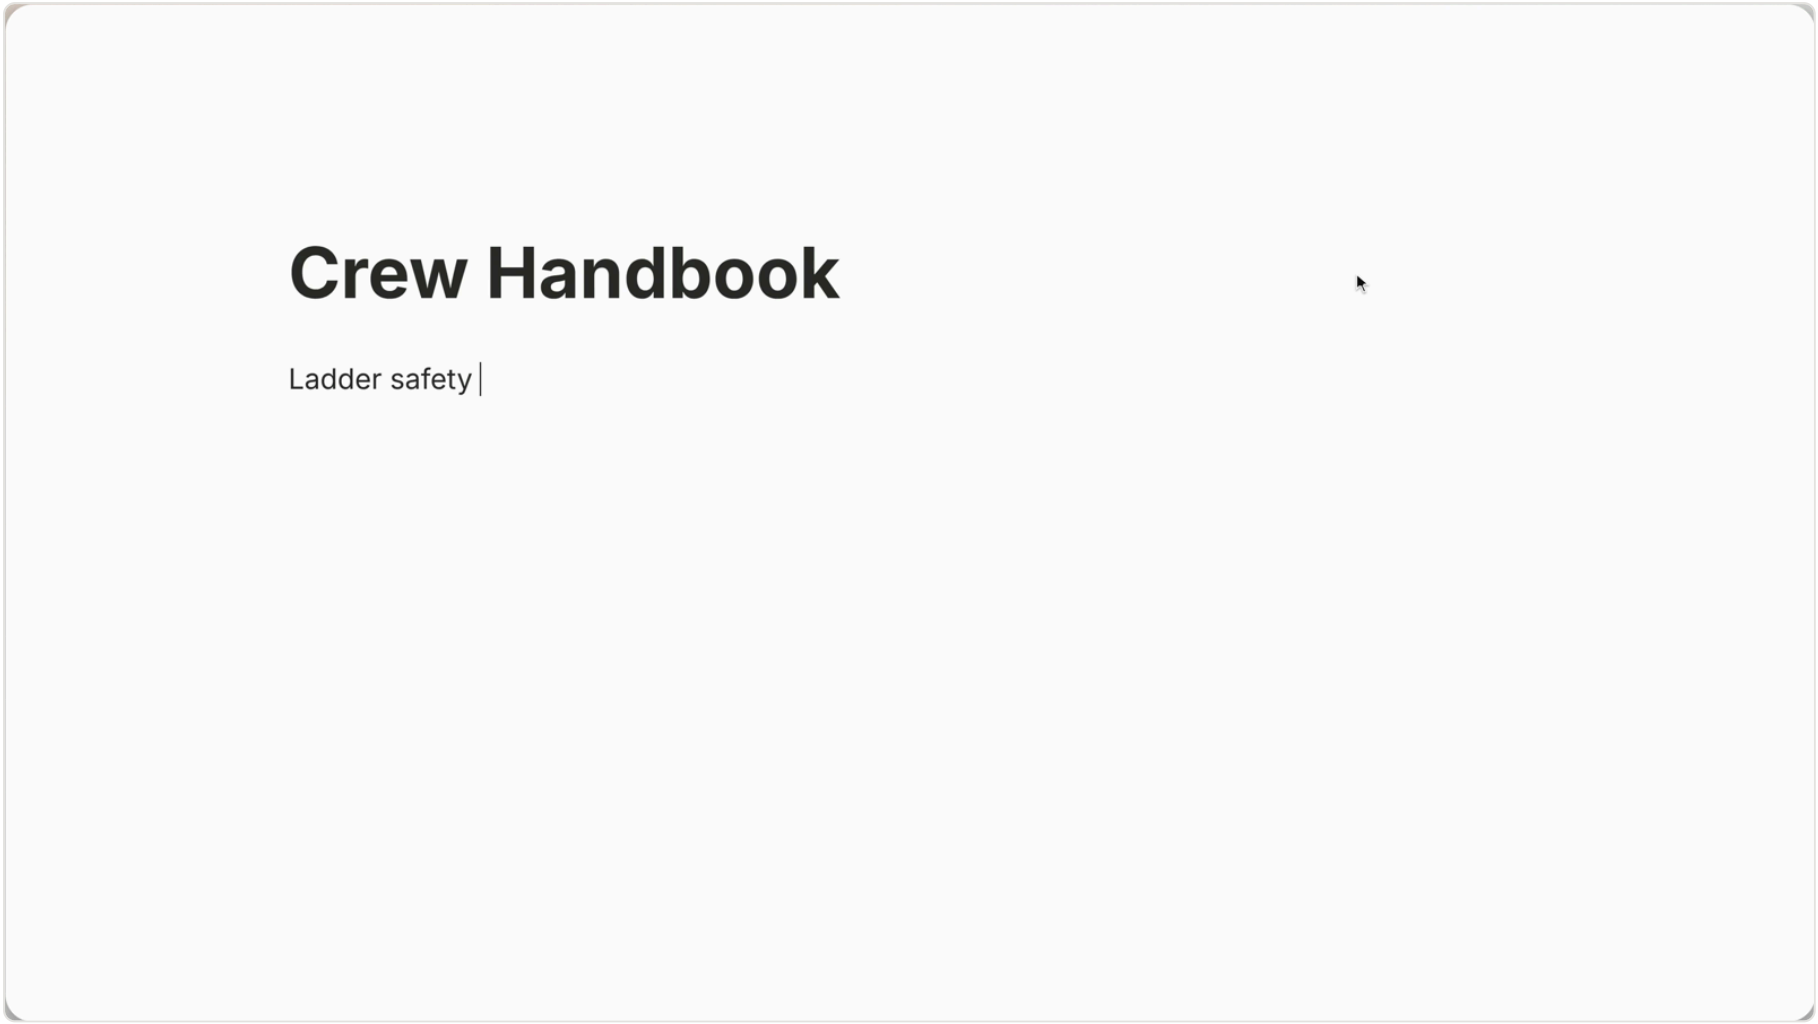

Put your cursor on the empty line where it should go.

Step 2 of 3

Start with a line of text

Any block can become another type.

Step 3 of 3

Type /turn h2 and choose Heading 2

Type /turn to list every type the line can become. Plain /h2 would add a new heading below instead. The words stay.
