NOTION HOW-TO

How to mark text as code

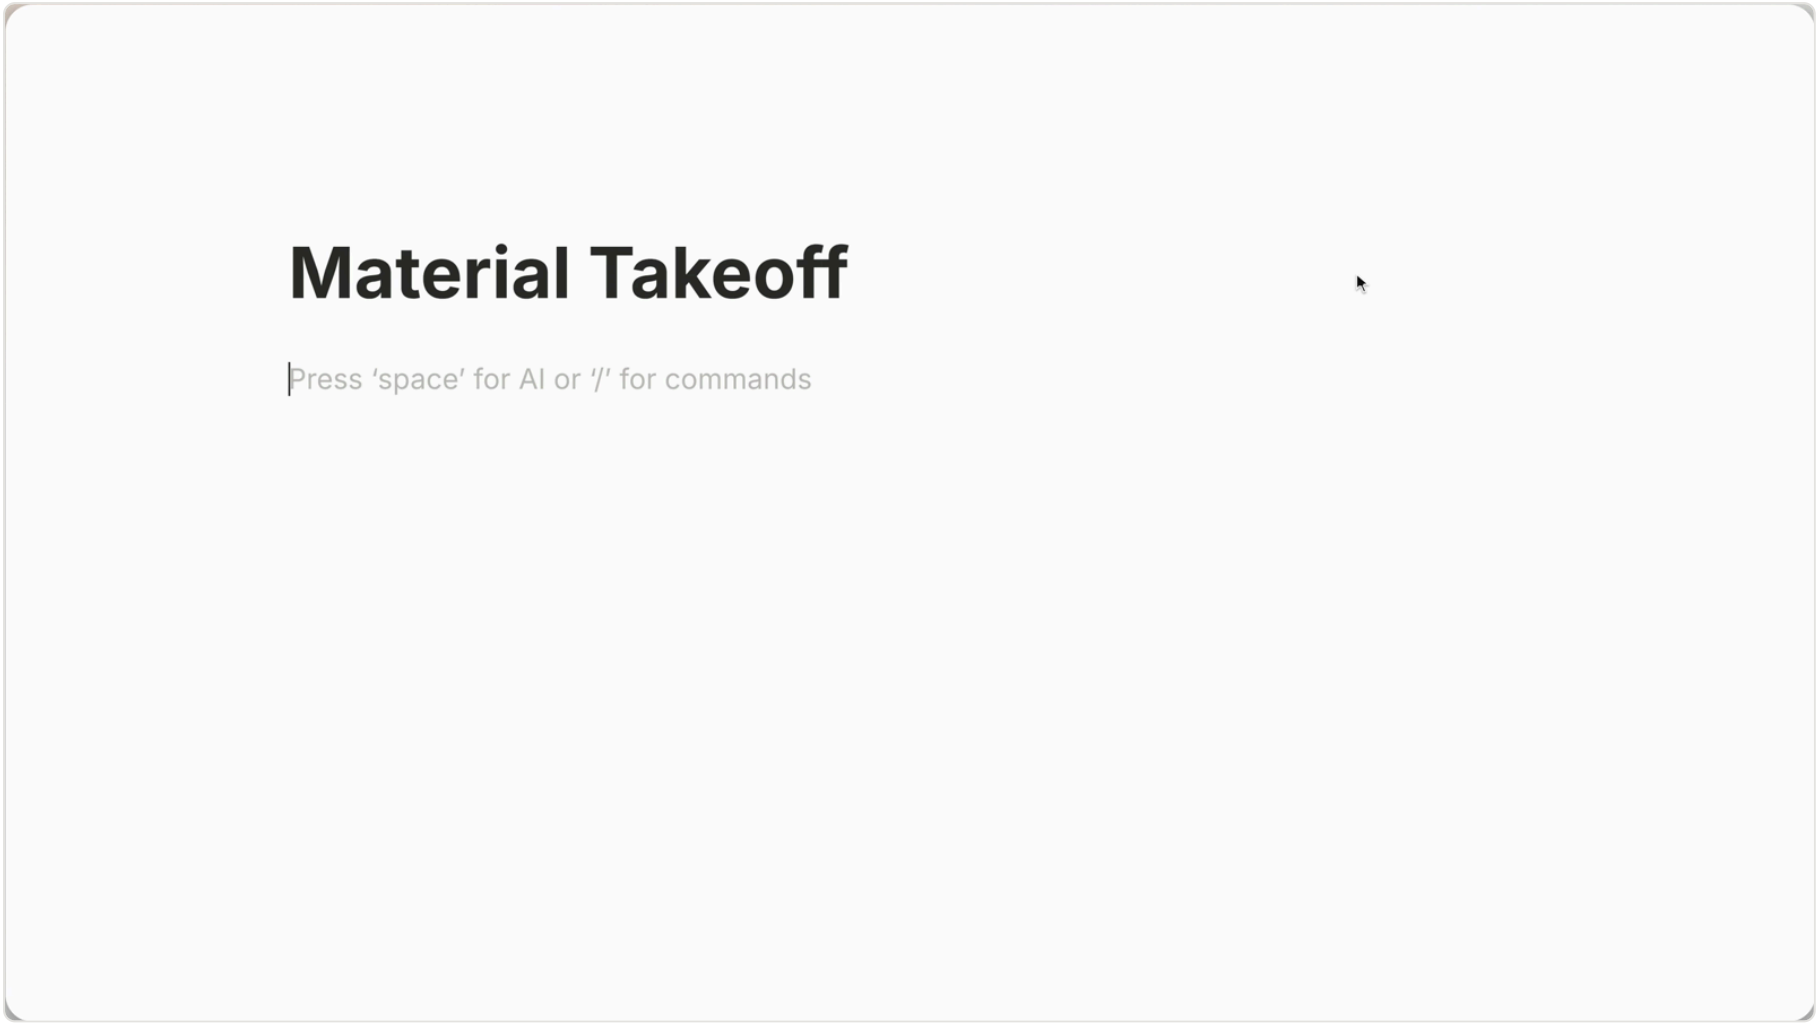

1. Click below the page title
2. Write the line
3. Select the part number and press Ctrl+E

3 steps. Watch the video or a step's GIF for the motion; this guide holds each step's result.

Step 1 of 3

Click below the page title

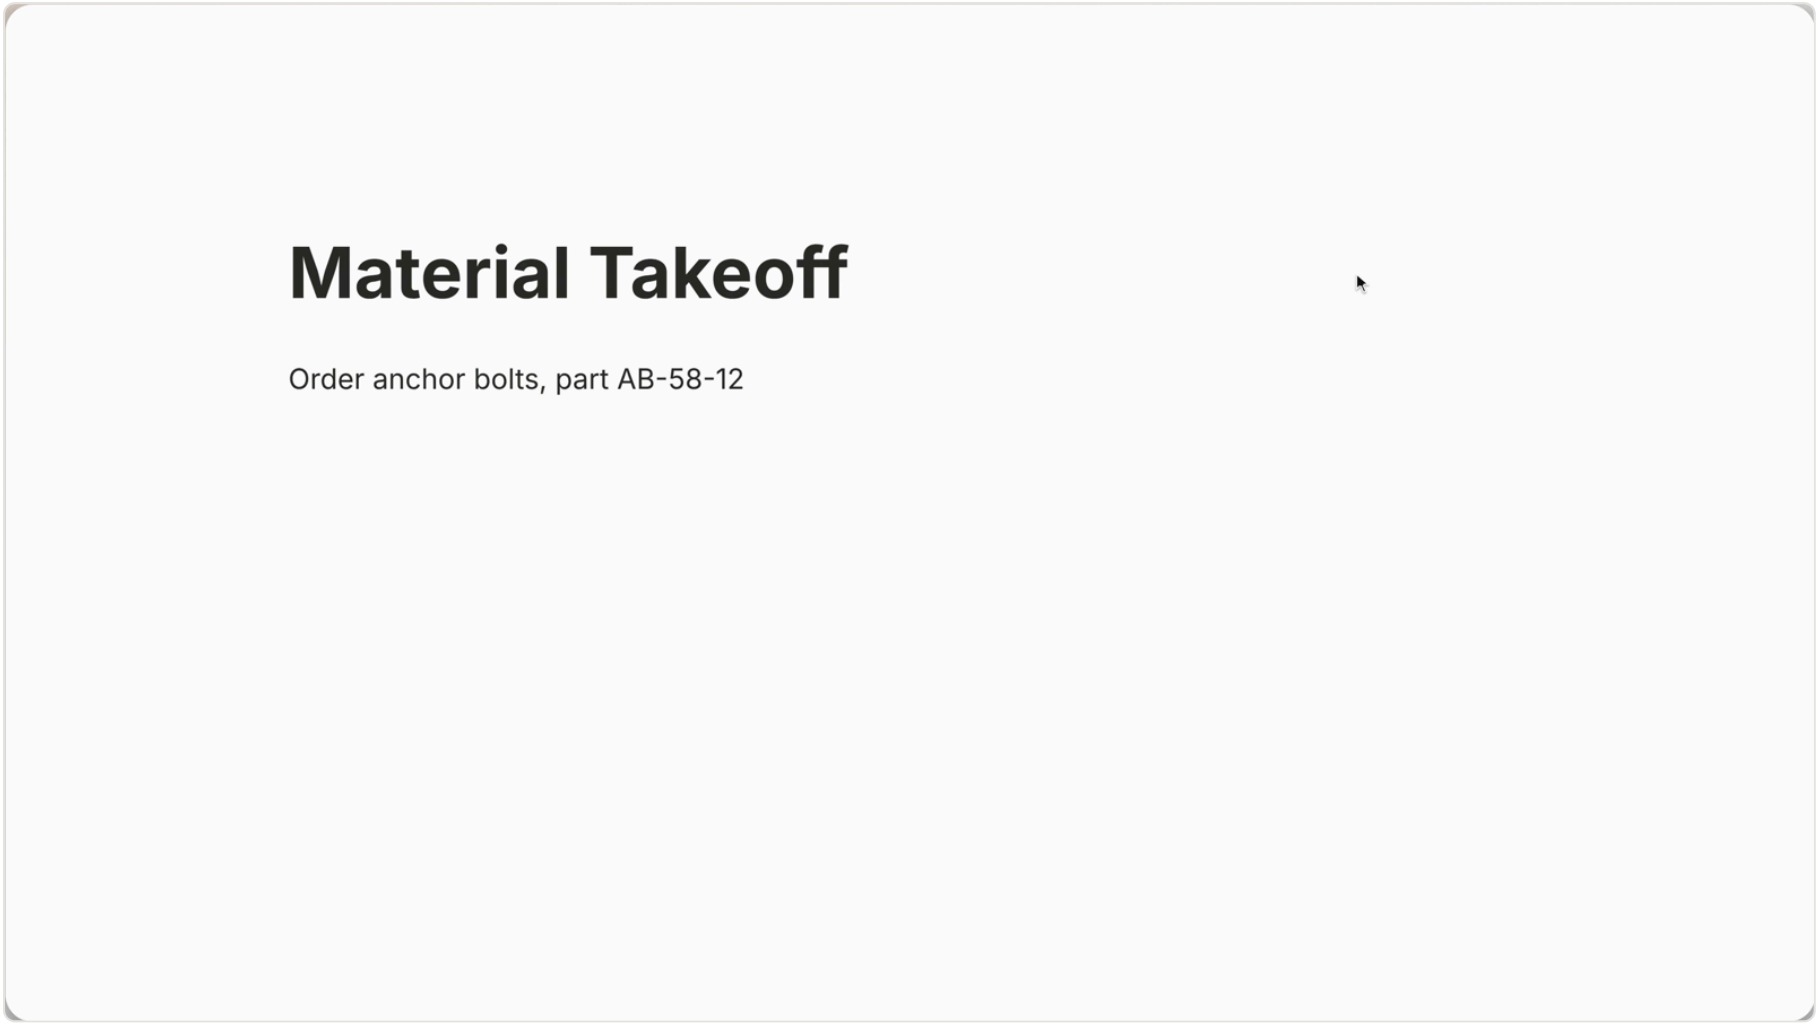

Put your cursor on the empty line where it should go.

Step 2 of 3

Write the line

Inline code keeps a value exactly as typed, in a fixed-width font.

Step 3 of 3

Select the part number and press Ctrl+E

The selection turns into inline code. Typing text between backticks does the same.
