NOTION HOW-TO

How to join two lines into one

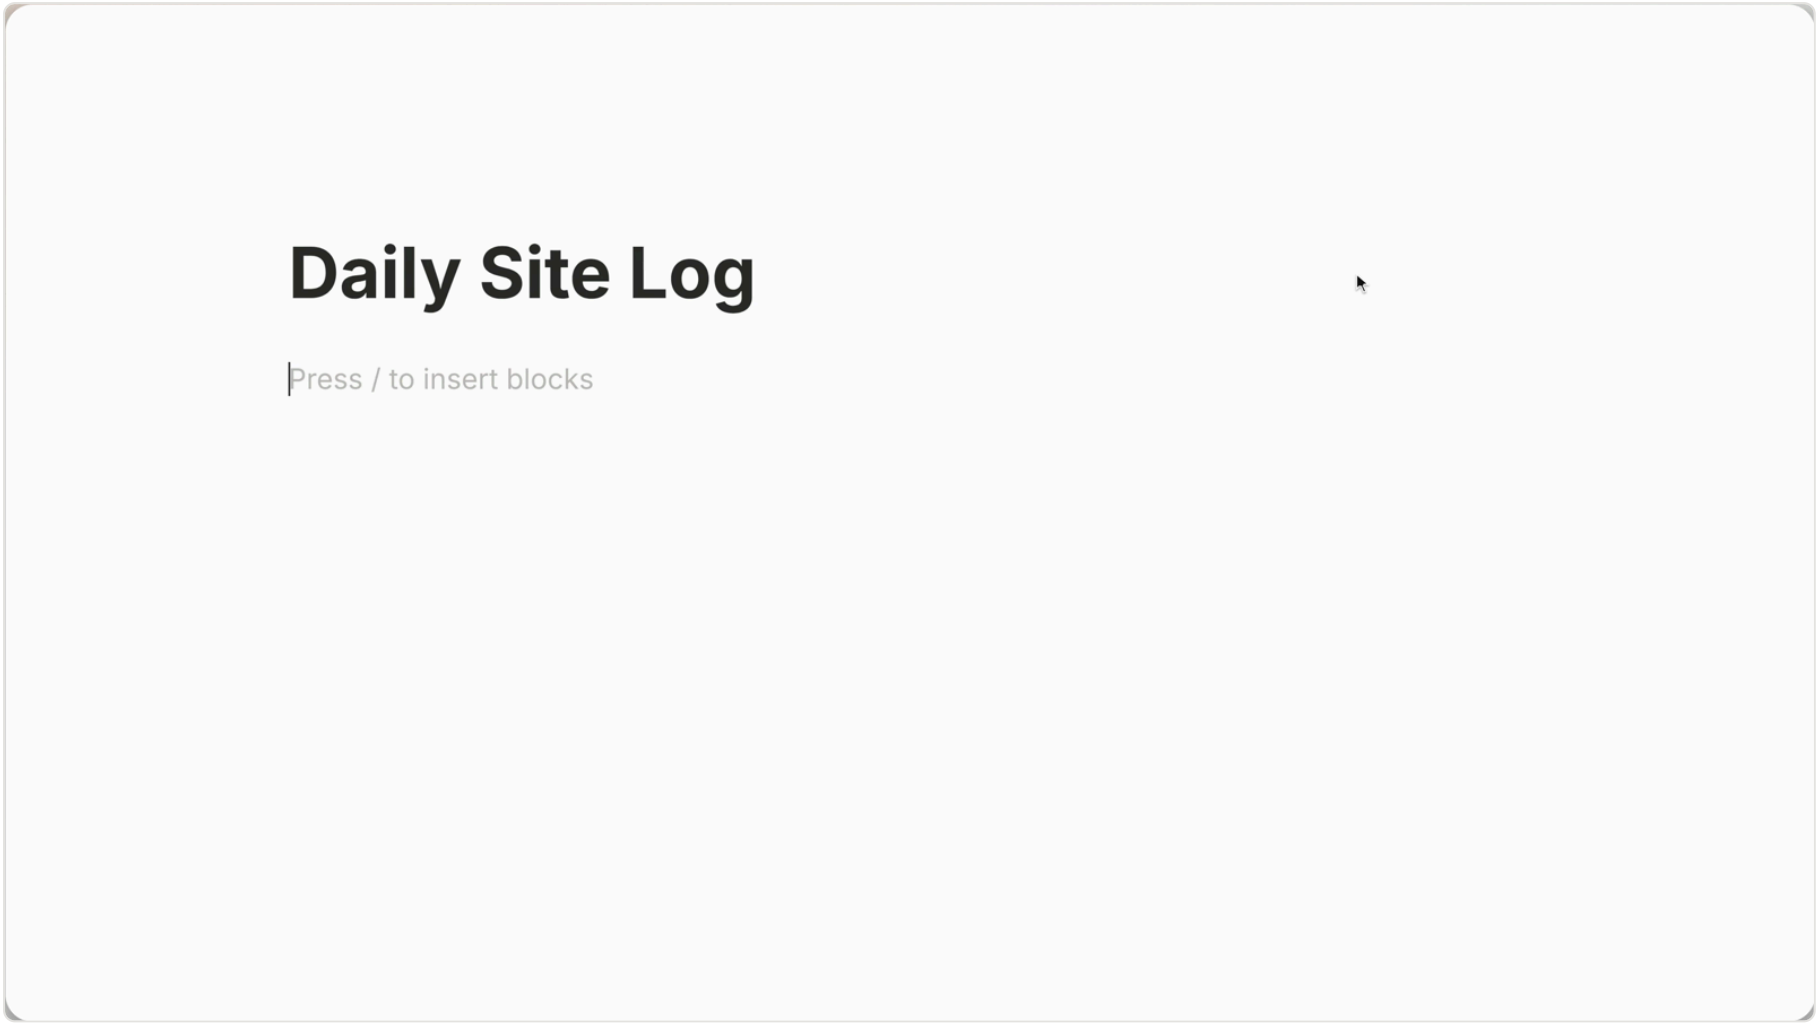

1. Click below the page title
2. Here is one thought split over two lines
3. Go to the start of the second line and press Backspace
4. Type a space between the words

4 steps. Watch the video or a step's GIF for the motion; this guide holds each step's result.

Step 1 of 4

Click below the page title

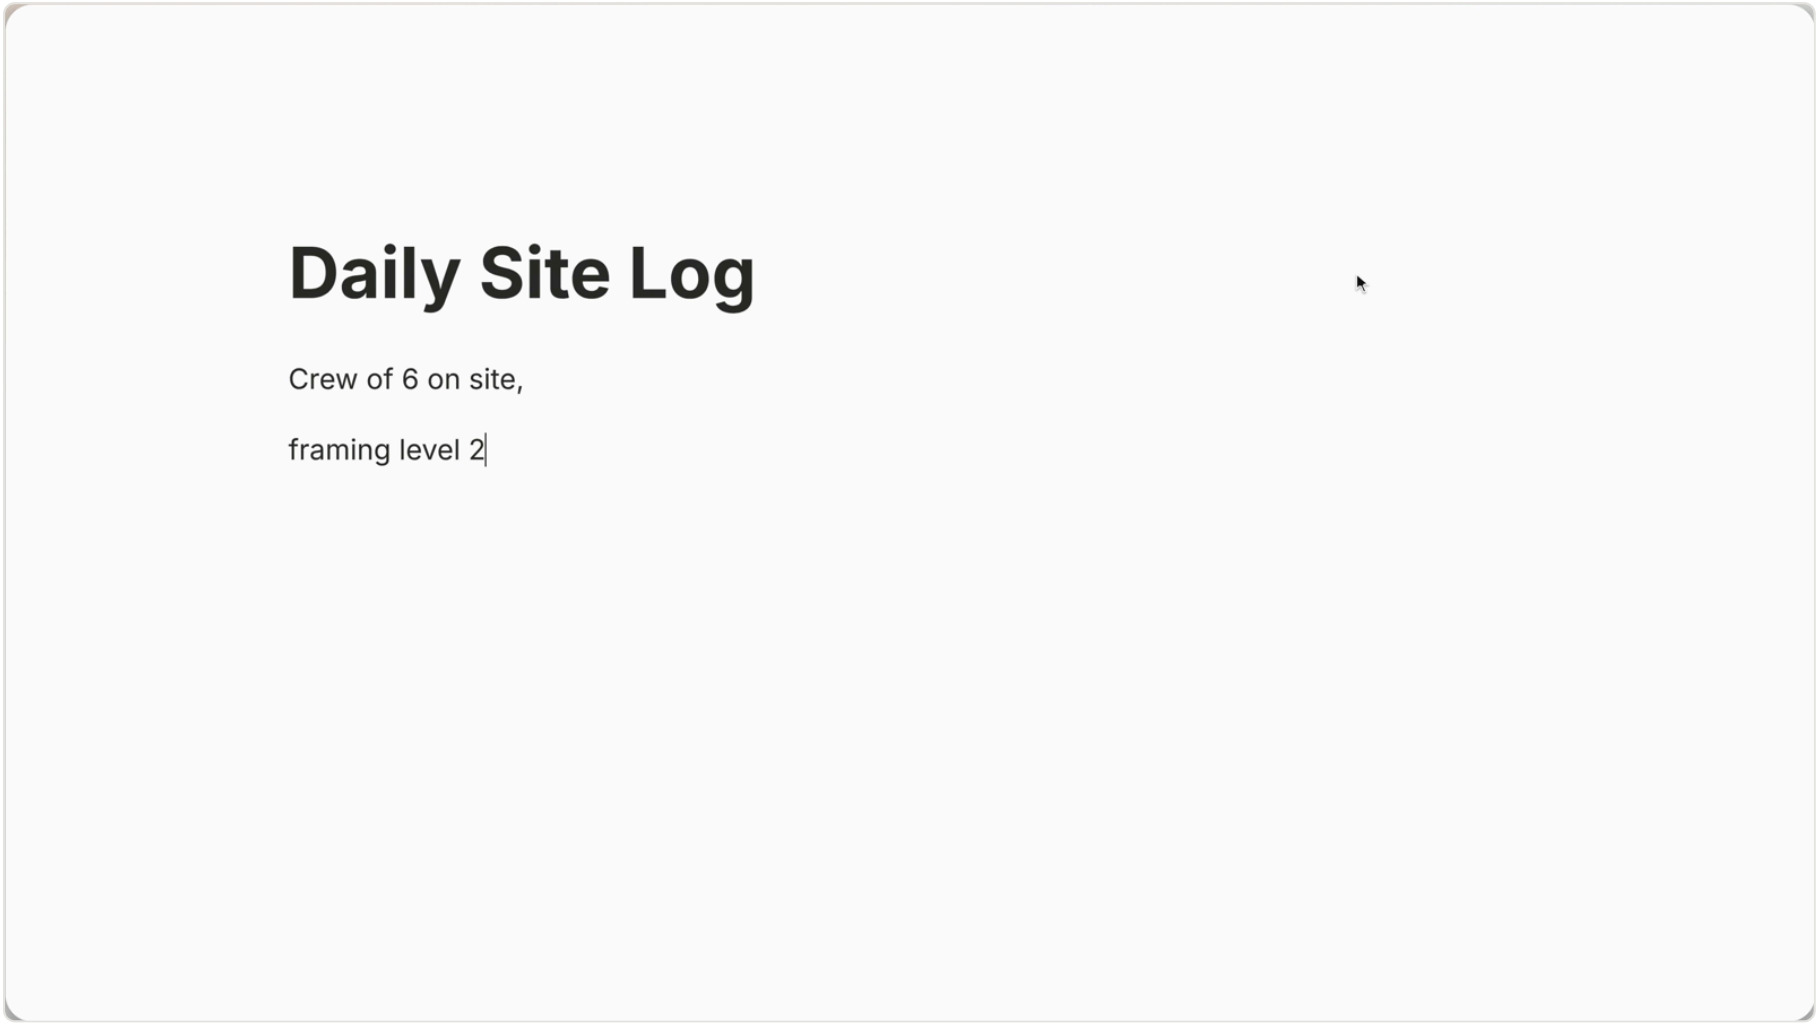

Put your cursor on the empty line where it should go.

Step 2 of 4

Here is one thought split over two lines

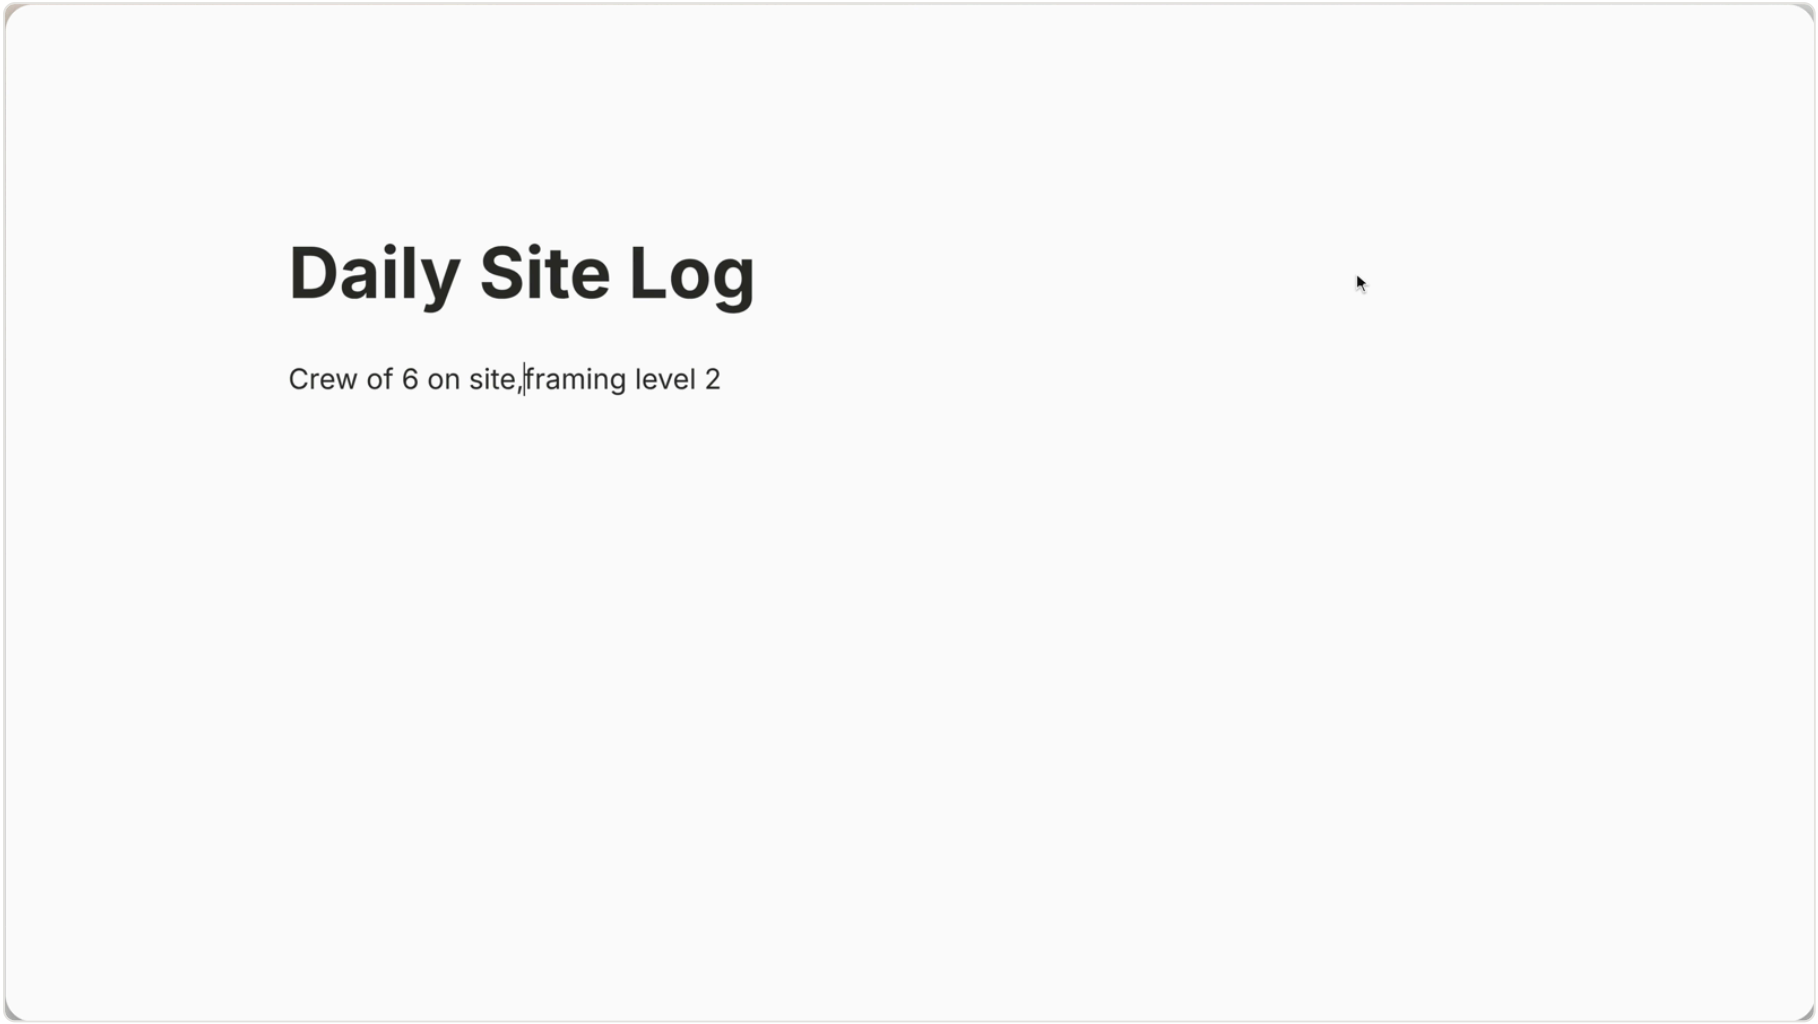

They should be one line.

Step 3 of 4

Go to the start of the second line and press Backspace

The second line joins the end of the first.

Step 4 of 4

Type a space between the words

Notion joins the text exactly as it was, so add the space yourself.
