NOTION HOW-TO

How to make three columns

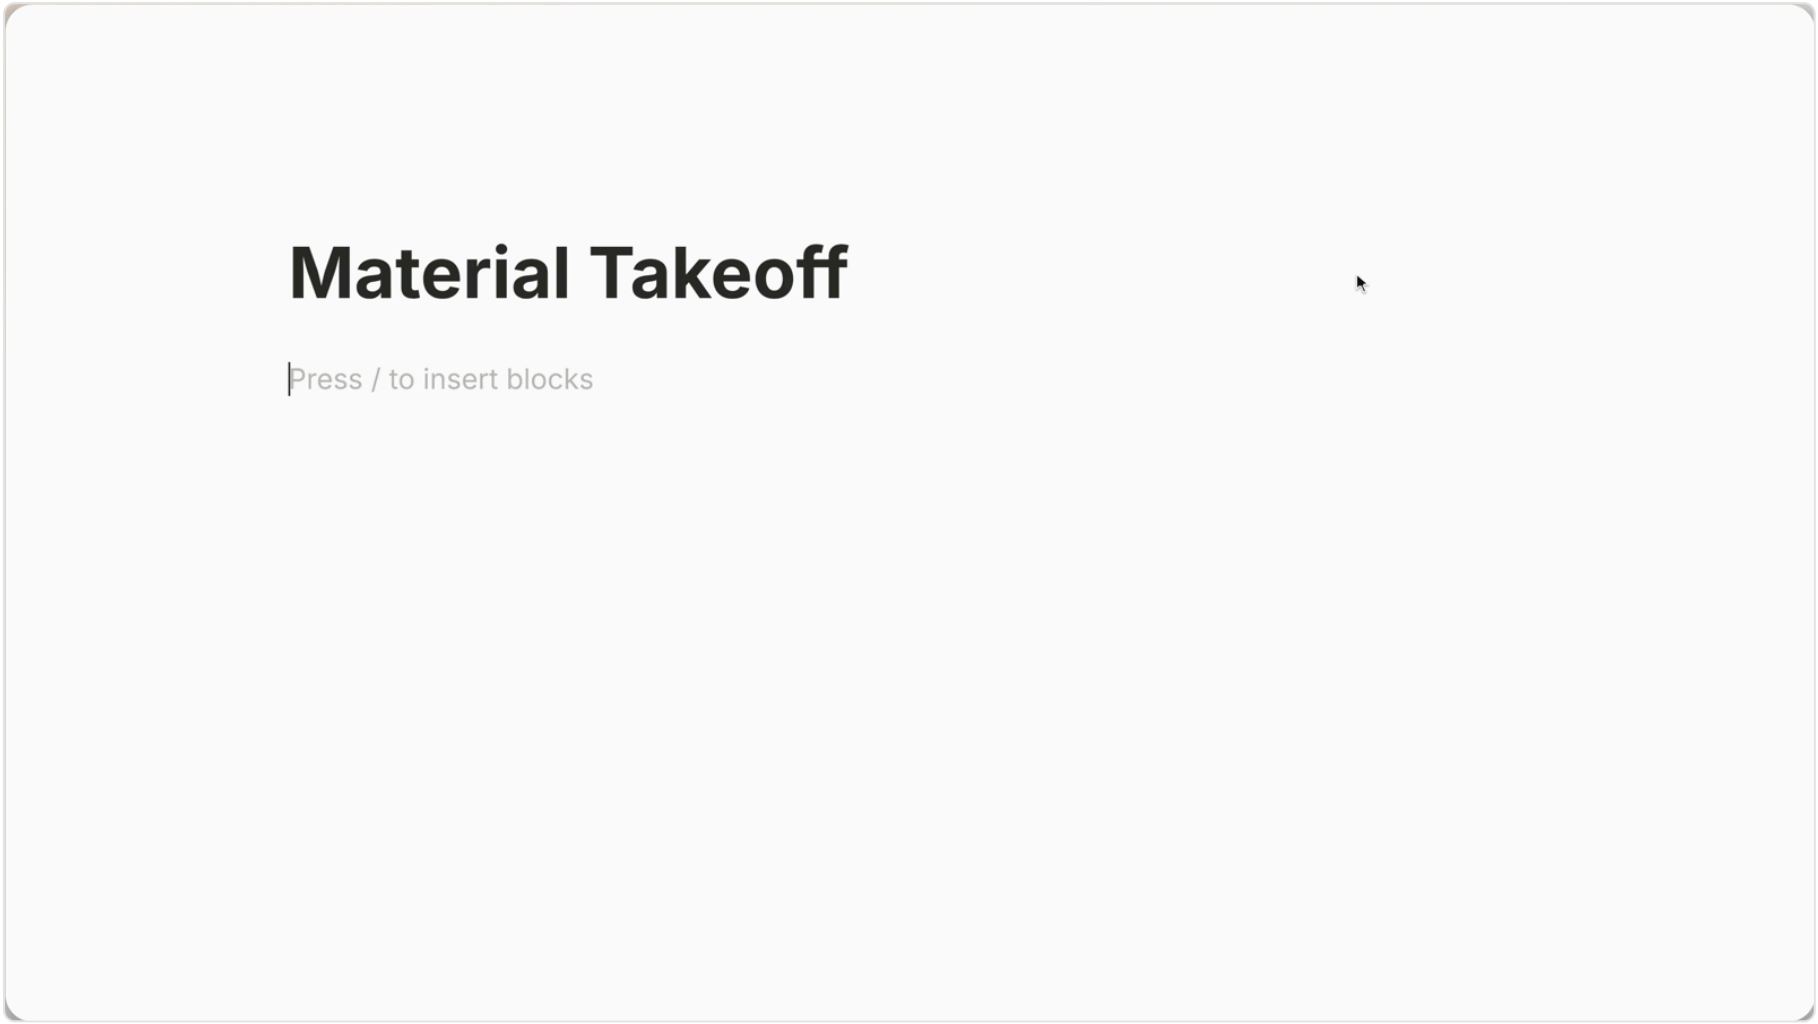

1. Click below the page title
2. Type /3 col and choose 3 columns
3. Type in the first column
4. Click the middle column and type
5. Click the last column and type

5 steps. Watch the video or a step's GIF for the motion; this guide holds each step's result.

Step 1 of 5

Click below the page title

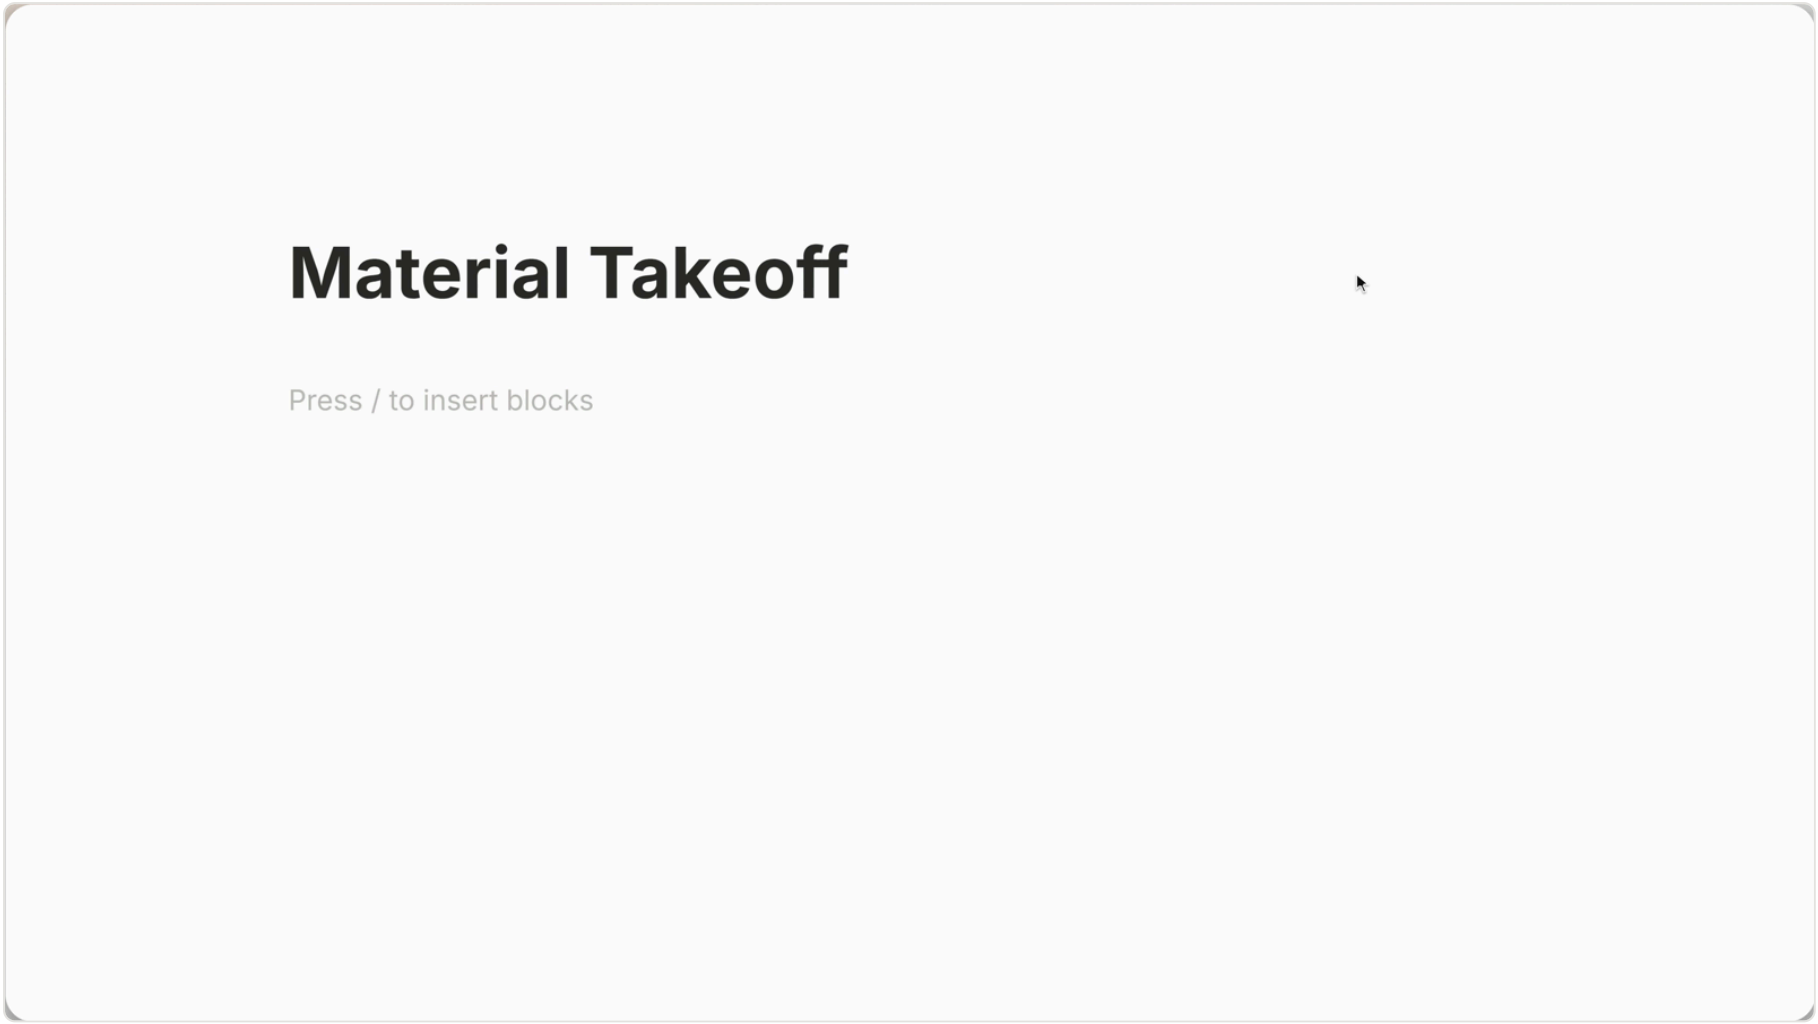

Put your cursor on the empty line where it should go.

Step 2 of 5

Type /3 col and choose 3 columns

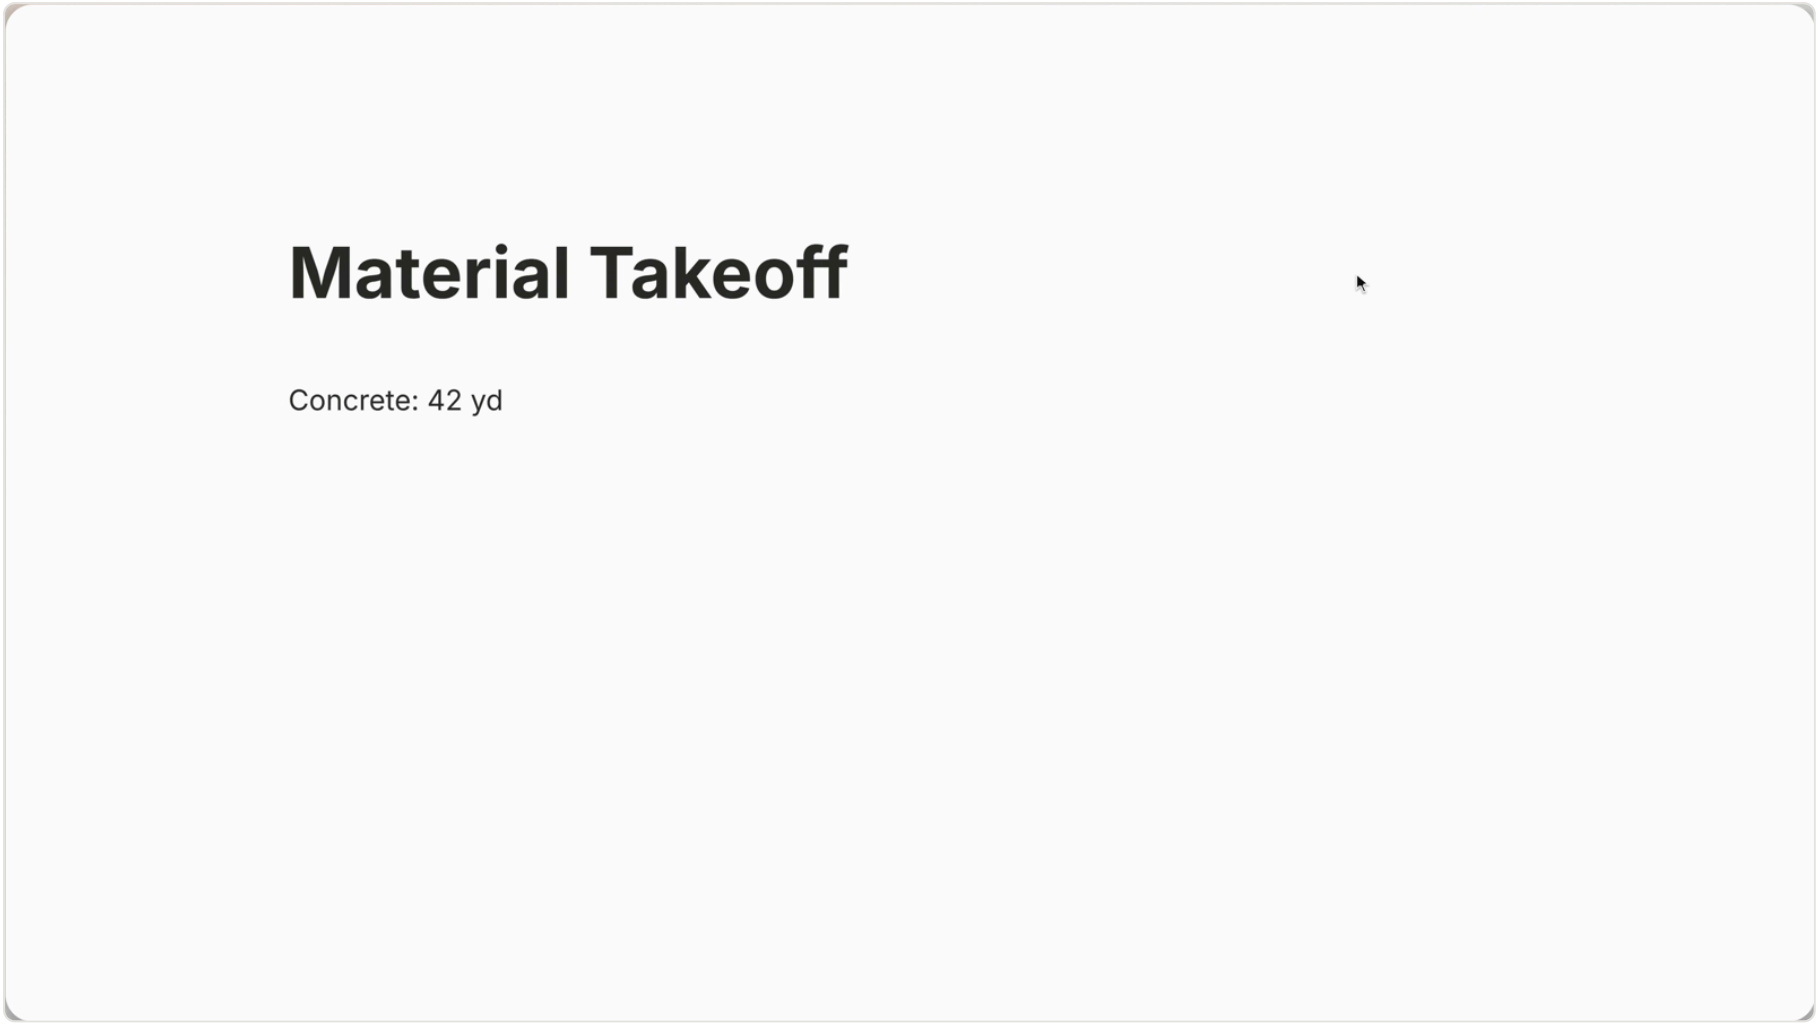

Notion has 2, 3, 4 and 5 columns in the slash menu. The cursor starts in the first one.

Step 3 of 5

Type in the first column

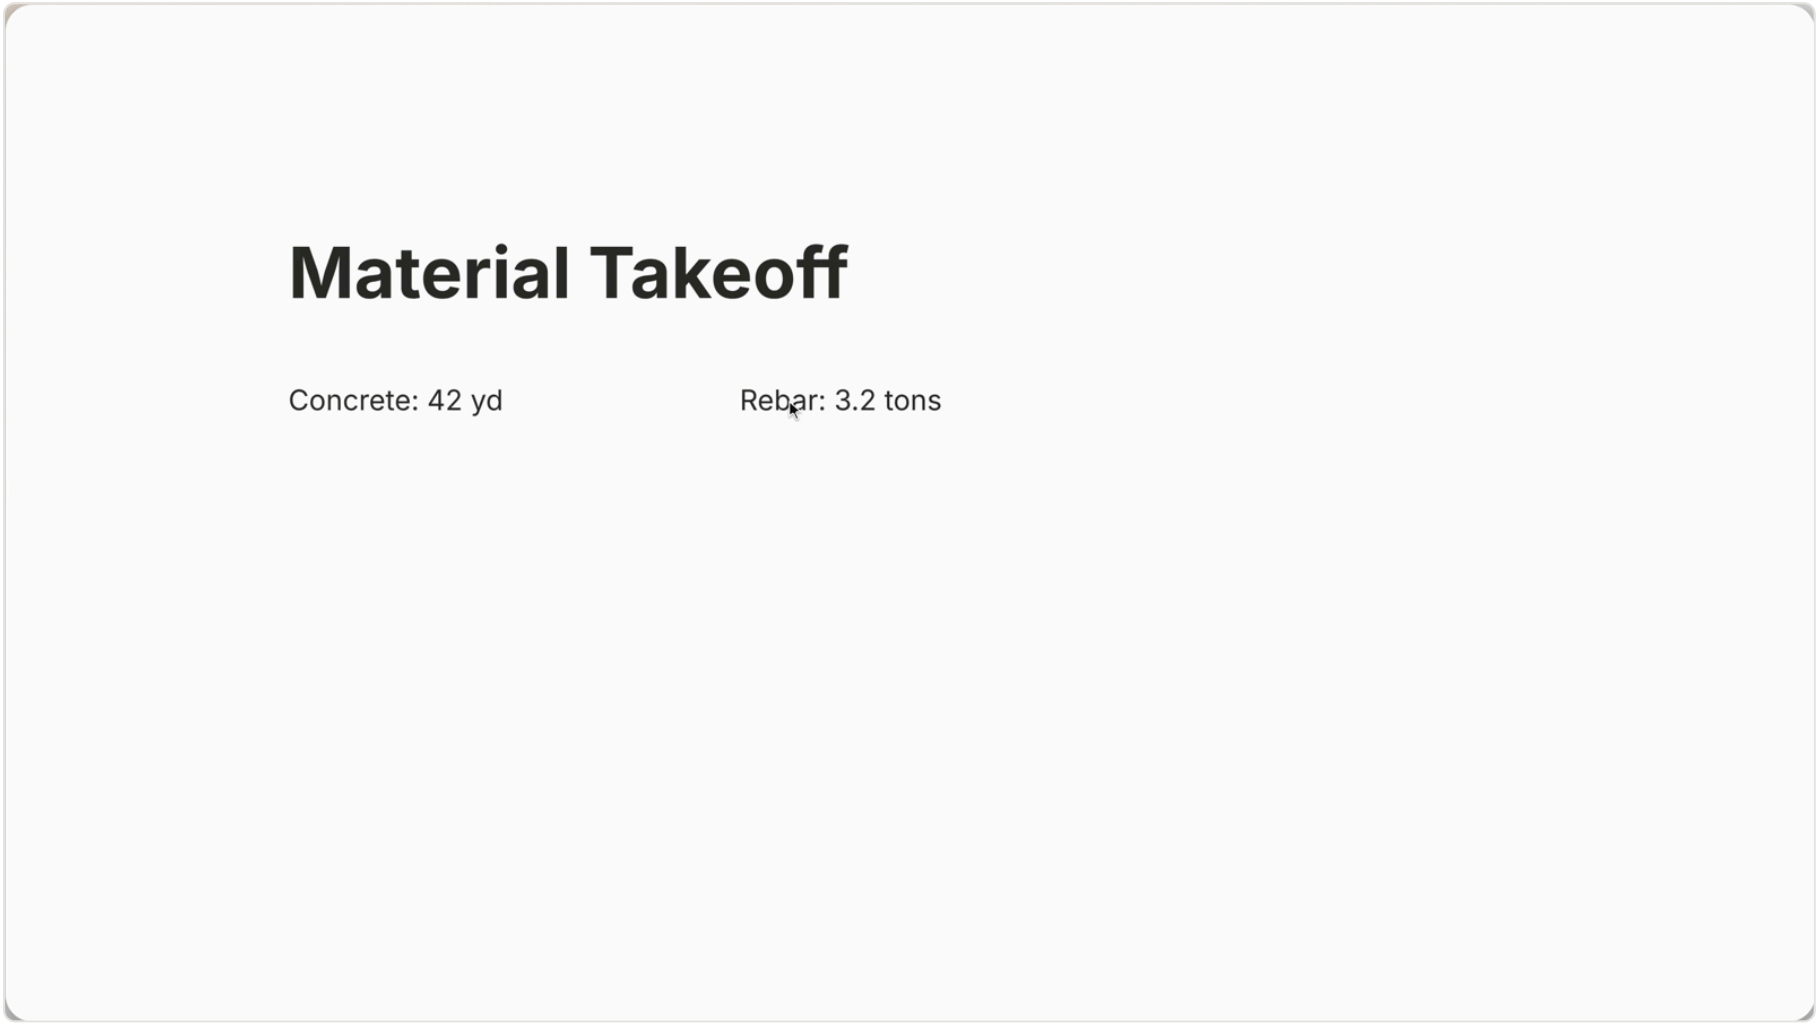

Each column holds any blocks.

Step 4 of 5

Click the middle column and type

Click any column to type in it.

Step 5 of 5

Click the last column and type

Three lists side by side. Drag the edges between them to resize.
