NOTION HOW-TO

How to turn a line into a code block

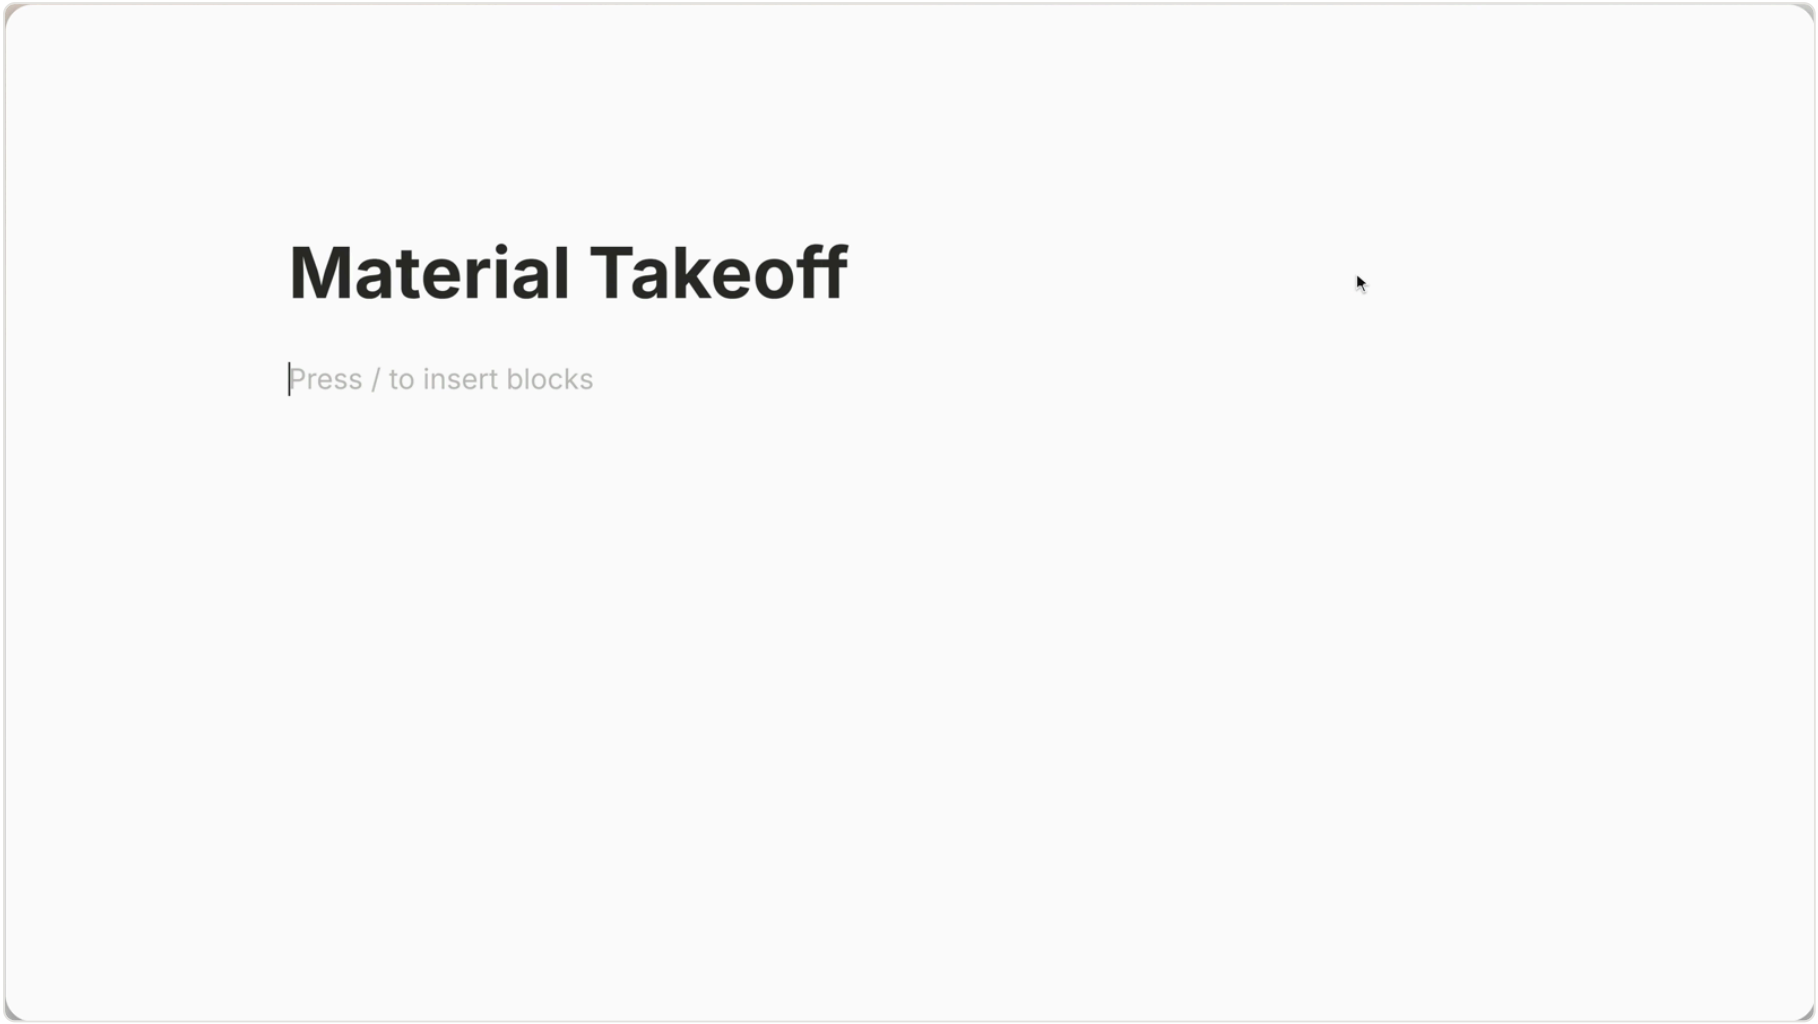

1. Click below the page title
2. Here is a line of text
3. Type /turn code and choose Code

3 steps. Watch the video or a step's GIF for the motion; this guide holds each step's result.

Step 1 of 3

Click below the page title

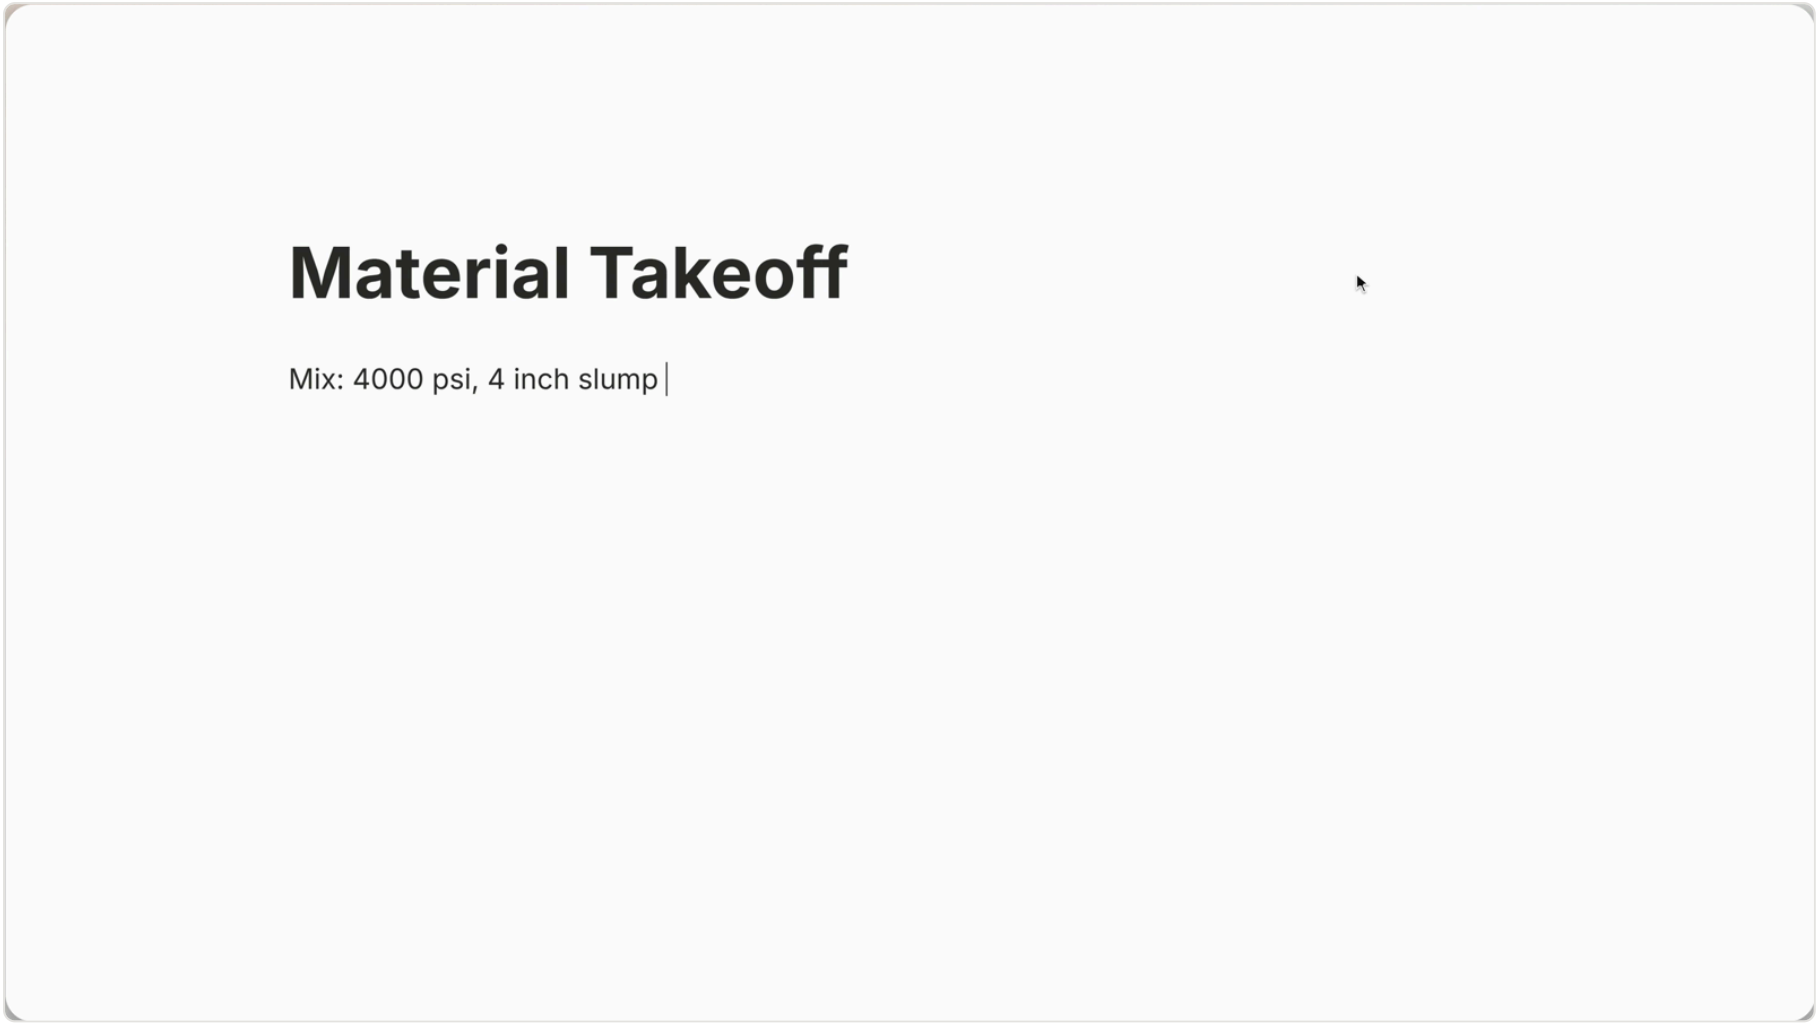

Put your cursor on the empty line where it should go.

Step 2 of 3

Here is a line of text

It should stay exactly as written.

Step 3 of 3

Type /turn code and choose Code

The line moves into a code block, in a fixed-width font.
